## Declare Your Status!

Following are the steps and guidance to help you begin the process for correcting your “mistaken” political identity as an incorporated U.S. Citizen to an unincorporated ‘self-governing’ New Hampshire American State National or a ‘self-governing’ New Hampshire American State Citizen, as you choose.

It is highly recommended that you carefully review the content on this website and read through the, instructions, advice and 1779 and 928 documents to help you gain perspective and to aid you in finding some answers to your questions.

What you are contemplating is a valuable, life-changing decision. You should take some time to learn about each American status, and the associated responsibilities. After you go through the web content and the 1779 and 928 content, you may contact the New Hampshire Assembly Coordinator to discuss your intention to ‘Declare Your Status’.

### Items you will need to complete the process of correcting your political status:

- Access to a computer or someone who can run one
- A PDF editor/app or word processing software
- Paper and Printer
- One Blue Pen
- One Red Pen
- Red Ink Pad (for your thumbprint)
- Passport Quality Photos (Clean white background, NO: glasses, headgear or photo retouching)
- Envelopes and Postage (Pick up a roll of Registered Mail labels at the post office suggested)
- Registered Mail Documents
- A Public Notary (Typically your bank or credit union will offer this service)

## STEP 1 – Choose Your Status

You have the right to declare your status as an American State National or an American State Citizen.

### **American State National**

An American State National owes no allegiance to anyone, but must keep the peace. They may participate in general assembly meetings and vote on domestic (in-state) policy only. They are not eligible to hold an elected office within the State Assembly.

### **American State Citizen**

An American State Citizen helps reconstruct the New Hampshire government. They may participate in both general and executive assembly meetings, and vote on both domestic (in-state) and international (out of state) policy. Citizens are encouraged to be actively involved and are eligible to hold office in an elected position within the State Assembly.

Together we can lead the way to building a strong New Hampshire Assembly on the Land and Soil.

## STEP 2 – Download Your Forms

After choosing your status, you will need to complete certain documents that must be recorded and published publicly.

The New Hampshire Assembly uses the American States Assembly Land Recording Office (LRO) to publish and create credentials.

If you chose to declare yourself as an American State National, you may download forms from either package Option 1 or Option 2 as outlined below.

If you chose to declare yourself as an American State Citizen, you must download the Option 2 forms.

### **Notable Advice:**

- It is not necessary for an American State National to use Option 2, however, it is highly recommended as these documents add stronger protections to your identity.
- Fees are initially the same to record your first round of documents and they are listed in Step Five.
- Any time you record new documents, the fee for the LRO recording will be \$25.00 (each time). You will also have to pay additional fees with your state of state county when you use their services.
- An immense amount of time, research and legal effort has been invested to ensure the information in the 1779 and 928 documents is stated correctly and that is properly written to protect American State Nationals and American State Citizens and their children.
- You MUST use the most up-to-date 1779 and/or 928 templates which can be retrieved from The American States Assembly website. This will ensure that content is correct.
- You must never change the core content of either the 1779 or 928 documents. Doing so could render you stateless. Only change the fields that you are prompted for.
- Take your time and do the documents correctly, you do not need to rush. That said, don't sweat the small stuff, it is your intent that is most important, not perfection.

## Option 1 - Declaration of the Naturalization Act 1779

**American State Nationals ONLY - ([Link to Lates Forms and Guidance from Anna](#))**

The required 1779 forms are listed below. Depending on where you were born and what your employment status is you will need to select the correct one-page form.

- Declaration for Americans** (Born American)
- Declaration for Federal Employees** (Born American Federal Employee)
- Declaration for Legal Immigrants** (Naturalized American)
- Declaration for Legal Immigrant Federal Employees** (Naturalized American Federal Employee)
- Declaration for Green Card Legal Immigrants** (Green Card Legal Immigrant)

You will need a total of three other documents to complete the "1779 one-pager" process.

- (2) Witness Testimony Affirmations** (Two Witnesses)
- (1) Birth Certificate or Naturalization Certificate** "in-color" photo copy, color print out

## Option 2 - 928 Documents

### American State Nationals and State Citizens ([Link to Latest Forms and Guidance from Anna](#))

The required 928 forms are listed below;

- Deed of Re-Conveyance** (Born American) or **Deed of Conveyance** (Naturalized American)
- Certificate of Assumed Name**
- Act of Expatriation**
- Mandatory Notice** - Foreign Sovereign Immunities Act (FISA)
- Declaration of Political Status**
- Cancellation of All Prior POA**

## STEP 3 - Complete Your Documents

We want you to be successful in declaring your status! If the documents are not filled out correctly, they will be returned to you. Take your time. Learn about what you are doing. Think it through.

### **Original 'Wet-Ink' and Color Copies**

1. Each document you actually autograph, notarize and thumbprint is considered a 'Wet-Ink Original'.
2. Each 'Wet-Ink' original should be scanned and printed in color. These are considered 'Color Copies'.
3. The only document required to be completed as a 'Wet-Ink Original' in triplicate is the 'Declaration of the Naturalization Act 1779' (all three mailed in with one verified copy returned to you). All other documents will be mailed in as color copies.

### **Additional New Hampshire Recorder Requirement**

1. If you choose 'Option 1', send one postage paid return envelope along with your documents to you State or County Coordinator so your documents can be recorded in the LRO and returned to you.

### **Important Reminders**

1. Most of your forms will need to be notarized with an embossed seal. Be sure all the dates are accurate for the notary.
2. Be sure to affix you color Passport Photos with adhesive to your Witness Testimony Affirmations (no staples).
3. If you have any questions, a phone call can be set up to go over your questions.
4. You are highly encouraged to keep all your 'Wet-Ink' originals in a secure location.

## STEP 4 - Mail Your Documents

After your documents are completed, you will need to mail some of them along with letters, (there are templates for the letters) to appropriate “incorporated” entities. This so that your corrected status is on the public record and sent along as evidence, in case you ever need to advise your government employees of your corrected status a future time.

## Disclaimer

Please be advised that the turn-around time for receiving your recorded 1779 documents back is not guaranteed. It can take a few weeks possibly over a month for Recording Secretaries to receive your documents, process them and send them back. Recording Secretaries are working as quickly as reasonably possible to record documents. Volume for this service is steadily increasing as more people are waking up to the situation. The American States Assembly is also working to add more Recording Secretaries as demand for recording documents continues to grow in all 50 states. Please be patient and take into consideration that Recording Secretaries work in a volunteer capacity, on top of their day-to-day lives.
