

“U.S. Citizen” Challenge

Do you think of yourself as a “U.S. Citizen”?	Yes	No
Do you live in American Samoa, Guam, American Virgin Islands or Puerto Rico?	Yes	No
Do you work for the Federal Government?	Yes	No
Do you currently serve in the Military?	Yes	No
Are you in a Political Office?	Yes	No
Have you been granted Political Asylum?	Yes	No

If you answered “**No**” to all, you may want to go about correcting your status and free yourself from “U.S. Citizen” debt-slavery.

U.S. Citizen Facts

U.S Citizens cannot own physical land. They are tenants not landlords.

In all cases where U.S. Citizens live in homes, they only have tenant rights, even if their Mortgages are paid off.

If Property Taxes (*rent forever*) are not paid, people can lose their property.

Once a man or woman declares their proper American status on the Public Record everything changes.

American State Nationals (ASNs) are exempt from Federal Income Taxes.

ASNs can obtain allodial property titles.

U.S. Citizens get benefits and privileges, Americans have unalienable rights.

ASNs do not live in Washington D.C. and they are not Federal employees.

The American Civil Peace Flag

The American Civil Peace Flag was first flown in 1767 when the "Sons of Liberty" rebelled against the Stamp Act.

They hung a British East India Company flag sideways and flew it from the "Liberty Tree". The vertical stripes signify people's independence and sovereignty from the Crown. Prior to the Federation calling the 50 State Assemblies back into session, this flag has not been flown since 1814.

Assembly Rescue Mission

Repopulate the New Hampshire Land and Soil with living American people.

Restore the American Republic, a Republican form of Government that is designed to serve people, not PERSONS

Fill vacated Public Offices, preserve the National Trust and enforce Public Law.

Reclaim We The People's material and intellectual public and private assets.

Perform our public duty and uphold the 1787 Constitution (unincorporated).

Inspire autonomous self-governance in alignment with the Bill of Rights.

The primary job of a Government is to protect the people and their property

The entity 'acting' as the current American Government is a bankrupt foreign-owned and operated corporation, a subcontractor claiming to be in the business of providing governmental services, while fraudulently trying to claim ownership of living people, for profit, without full disclosure.

If you choose, you can peacefully remedy this confusion and learn how to reclaim your unalienable American Birthrights at:

Three Constitutions?

States are **Parties** to **three (3) Constitutions**. They delegated services to subcontractors, who agreed to provide the services, while standing under their specific Constitution. Essentially constitutions are really service contracts, and the American Government, is a constitutional Republic made up of the **Union**, the **Federation**, and **Confederation**, standing under...

...**The Declaration of Independence**

Birth Certificates

Have you ever examined formal documents received in the mail, a Drivers License or a Birth Certificate? Did you notice the names are spelled in all CAPITAL LETTERS?

Why is the Mother listed as 'Informant' on the Birth Certificate?

Have you ever looked at the two dates on a Birth Certificate?

1. The Birthday *and*...
2. The **Registration Date**

Did you know registering things surrenders ownership to someone or something else?

Were you ever told that registering a Birth Certificate creates fictitious entities, and they are spelled like, and sound like, your gifted birth name, only in ALL CAPS?

Have you thought about why formal Birth documents are printed on bond paper?

Would you guess Birth Certificates are bonds (IOUs)? Who owes what to whom and why?

Original Birth documents are stored at the Department of Commerce in Washington, D.C. Why are they stored there?

Do you realize when you are asked, “are you a **U.S. Citizen?**” and you say, “Of Course” you are consenting to represent a fictitious entity that was created by an identity theft scam, and that entity is part of a foreign-owned and operated corporation?

Could foreign corporations be posing as the American Government, populated with fake persons called **U.S. Citizens** and **MUNICIPAL citizens**, both created by the Birth Certificate identity theft scam?

If You Have Been Misidentified

State of New Hampshire and **STATE OF NEW HAMPSHIRE** are both **incorporated franchises**, fictions, populated by fictitious persons or PERSONS, aka - **U.S. Citizens** or **MUNICIPAL citizens**. Persons are granted benefits and privileges. They do not have any Rights. Remember, that which is given, can be taken away.

Did you know, each state is a nation, and Americans acquire their nationalities from their birth State, not the Government?

New Hampshire is unincorporated. It is the actual land and soil where people live. Living people have Rights. If you were born on, or naturalized to any of the 50 states, you can lawfully claim your status as an American. In doing so, you can rejoin the General Population as a living man or living woman under common (sense) law. Here is how you can go about redeclaring your American status in New Hampshire:

Step 1

Go to **www.nhassembly.us** and learn about the “Corporate Government.”

Step 2

Learn about correcting your status via links to articles, webinars and more...

Step 3

Work with a State Coordinator following an efficient step-by-step process.
