PREFACE

Purpose and Outcome

The purpose of the litigation Organization Unit is to work with Assembly Members who have active litigation concerns to assist them with asserting their position with respect to the foreign courts and educating them to avoid entrapment.

This is vital. Many people who join our Assemblies have been attacked by the IRS, foreclosures, etc., and are confused, scared, hurting, or plain enraged. They come to us for help. They are already entangled in a battle.

The litigation Organization Unit needs to be willing and able to teach people how to respond to their specific situations, and to come together to support each other in doing it. So, not only are law Education classes available through the law Education Organization Unit, but there is pertinent and ongoing litigation education case by case as we learn how to respond to afflicted Americans and Americans who know they need a firmer understanding of the laws and jurisdictions.¹

Included in this guide is to begin to inform us about some suggested protocol regarding going into their courts, as well as research done for situations that may arise as we fill out the Jural Assembly. Of Course, it is the commission of the litigation Organization Unit to take the initiative to keep moving ahead, staying abreast of the latest from Anna Von Reitz; becoming familiar with the law Education, and, of course, responding appropriately to issues from Assembly members as soon as possible.

Our Position with The *Defacto* Courts

Our position is that we are foreign to their courts, and they are foreign to us. Their courts are in a different jurisdiction from living men and women. Their courts deliberately misidentify us as corporate entities or property of the crown giving them jurisdiction over us.

"From our perspective, they are criminals acting under color of law, presenting themselves as if they were judicial courts, when in fact they are non-judicial corporate tribunals, engaged in fraud and racketeering every single time they address an American "as if" that American was a federal employee or federal dependent." ¹

"As we begin the long overdue process of restoring our Lawful Courts, we have the option to handle conflicts and controversies via private binding arbitration and may assert our standing as Lawful People and request such arbitration whenever any complaint is brought against us in a Legal Court setting. Private arbitration should be used as a stop-gap measure until our own courts are up and functioning again." ²

Once our courts are functioning, we can send nullification orders to the foreign courts when they impose upon our Assembly members.³

Assert that the court is misaddressing you.⁴

We must be polite "because they are foreigners, and with respect to their own employees and dependents, they do have a system of foreign law to administer. This puts us in the position of treating them respectfully, no matter the frustration of misidentification and misrepresentation, and of calling them "**My Honor**"-- **never** "**Your Honor**" - as well as using mild-sounding questions." ⁵

We must walk with the spirit, not with the flesh. We must have self-control and be guided by the spirit and not become arrogant or conceited. ⁶

Works with Active Litigation The Real Solution

Millions of Americans are suffering everything from illegal mortgages and foreclosures to kidnapping of children by "Child Protective Services" and garnishment of earnings by the IRS, business closures, and "public health mandates." Emotions understandably run high as our 'security' is attacked from every angle, and people want a savior, without yet realizing they are their own saviors.

All these problems and issues can be brushed away like so many cobwebs by our own hands, safely, peacefully, and with lawful authority.

It requires each of us to wake up, and **all** of us to join together to **enforce the Public Law**. Law that already exists.

As we begin to realize that **an offense against one of us is an offense against all of us**, we join together to take effective action repopulating our State of the Union and the operation of our actual State Government.

The real solution: It is as simple as knowing who you are. Being able to prove who you are and standing steadfastly in your proper jurisdiction. **Just stick there like a rock.**¹

Public Law - The laws that cover administration, constitution, and criminal acts. It controls the actions between the citizens of the state and the state itself. It deals with the government's operation and structure ²

Educate to Avoid Entrapment Entrapment Within

"In its most basic form, entrapment occurs when government authorities induce persons to commit a crime they were not predisposed to commit."¹

Entrapment can come in many forms. The following are some suggestions from Anna Von Reitz.

1. Avoid using misstatement that could be used as evidence against you.
 - A. In a situation described by Anna Von Reitz, some agents have used their position of trust to feed wrong information to innocent people and encouraged them to be paranoid and react to phantom threats.
2. Beware the loudest voices, the ones that taunt and ridicule and cast doubt on others.
3. Beware the big egos that are all about "me, me, me, and mine" tooting their own horns and bragging about their accomplishments.
4. Beware those preaching action without really defining what "action" they advocate.
5. Especially beware of anyone pushing violence, fear, or suspicion, aimed at local people and long-time friends.
6. Use the Bevins Declaration at the start of every meeting, public or private. Just say, **"Anyone here acting as an undisclosed federal agent or provocateur, anyone seeking to collect information for Third Parties, anyone working for some other such as entrapment or solicitation or redirection of our group is now invited to declare themselves or leave."**²
7. Do not take the bait when they try to make you mad.
8. Be careful to avoid Ponzi schemes and membership fraud schemes and unfulfilled product schemes.³

EDUCATION TO AVOID ENTRAPMENT

Entrapment from Within *(continued)*

Watch How You Walk

Ephesians 5:15-17, "15Therefore be careful how you walk, not as unwise men but as wise, 16making the most of your time, because the days are evil. 17So then do not be foolish, but understand what the will of the Lord is."

The so-called Biden Administration is cracking down hard on "domestic violence" and trying to redefine "domestic" and "violence" to suit themselves. Anyone who is not a liberal and a Democrat is in danger and is being directly targeted by the Municipal thugs, as they try to find scapegoats to blame for their own misdeeds. Biden and his Cronies are desperately seeking someone or something to attack as a pretext for starting a civil war-some means to "get something started." They make money on war, and they are being prevented from starting anything offshore, so naturally, they have turned their gaze toward starting a civil war to fill their coffers instead.

What better target than our own peaceable State Assemblies?

The Biden Administration's desperate attempt to drum up some domestic violence has focused on racial tensions and, frankly, on us. They wish to promote the idea that we, Americans, are domestic terrorists and violent extremists and "**sovereign citizens**". *[That is an oxymoron as you cannot be a sovereign and a Citizen at the same time.]*

Their Federal Agents have already infiltrated several of our larger Assemblies with the aim of engendering talk of violence and insurrection and "contingency planning" and similar activities, which they then record and use as an excuse to claim that our Assemblies are not "peaceable" and not centered on the Administration of our Public Duty to restore our lawful government.

These infiltrators love it when ignorant Americans rail against the "Federation" and balk against the discipline we impose on the assembling process, because our self-interested Public Servants then interpret this as talk against the Federal Government, and more fuel for their fire.

Our Assemblies need to grow up and consciously protect themselves now that *the Municipal Corporation is on a rampage.*

When you hear someone ranting- shut them down.

If anyone speaks of any kind of violence- shut them down.

We have the absolute right to peaceably assemble and attend to our Public Duty, but **there can be no taint of Insurrection.**

If there is, and even if it is coming from their own minions, they will use this as an excuse to attack our Assemblies, and all indications are that they would welcome an excuse to do so.¹

Watch How You Walk

Until the Assemblies learn to protect themselves and get local leaders who are seasoned enough to recognize an entrapment racket. The Federation must correct the course. ¹

EDUCATION TO AVOID ENTRAPMENT

Entrapment

The Two 'Crimes' Used Most Often

1. Contempt of Court
2. Perjury

Contempt of Court - generally, means disobeying a court order when that court has jurisdiction and authority to issue the order in question. Or, somehow obstructing the orderly administration of justice, such as causing a riot in a courtroom. **Or any honest frontal engagement threatens them.** That is called a "transgression" and they will happily throw the entire Code at you.

Perjury - it is almost impossible for you to enter one of their courts and not perjure yourself.

The very first thing that they ask is for you to state your name for the record, but as we all know now, they have already stolen your name via secretive registration processes, so that **your name no longer belongs to you: it has been copyrighted by the British Crown.**

If you stand up and say, "I am John Roy Adams", ...you have lied on their court record and the judge is free to treat you as a liar using a nom de guerre (see DEFINITIONS) guilty of copyright infringement; so far as he or she is concerned, you have perjured yourself in the first five seconds of the proceedings, and the judge takes "silent Notice" of this.

When they call you, "**John R Adams**", you can rise and say, "**I'm known as John. I don't know what the "R" stands for in this case and the surname ownership is in dispute.**" This is an honest answer and evades perjury.

Most judges upon hearing any honest answer, including, "**I John Roy Adams, according to my father and mother,**" will find a means to take a break, and change up the venue, or roll their eyes and prepare for the worst that is to come.

We must be polite, because they are foreigners, and with respect to their own employees and dependents, they do have a system of foreign law to administer. This puts us in the peculiar position of treating these folks with kindness and calling them "**My Honor**" – **never "Your Honor" and using mild - sounding questions to make our points.**

Any honest frontal engagement "threatens" them. This is why it is always best to be patient and kind and limit yourself to asking questions, only questions, in the friendliest tone of voice.¹

EDUCATION TO AVOID ENTRAPMENT

Entrapment

The Two 'Crimes' Used Most Often *(continued)*

The actual questions one can ask:

- ✓ "Is the alleged Defendant a federal employee or dependent?
- ✓ Or a federal corporation?
- ✓ Or anyone voluntarily and knowingly adopting Federal citizenship?

They do not want you asking that multi-part question, ever.

However, we are free to ask questions, so long as they are phrased as questions.

You are in the "possession" of a private foreign corporation, and like pirates of old, they can claim to own you and dispose of you as they wish, as long as no lawful government claims you and pays your insurance. What does that mean?

This is why absolutely everyone in the world, and especially every American needs to know, and have evidence of, who they are and where they were born. And to have recorded their name and identity and political status and to have the number of their indemnity Bond before ever entering one of these non-judicial courts.

The **Indemnity Bond Series AMRI0001 to AMRI00001** logged with the United States Treasury in the name(s) of the Fiduciary for The United States of America, Anna Maria Riezinger, is the Indemnity Bond for every American claiming their birthright political status. **PLEASE ALSO SEE:**

- ✓ [ARTICLE 1105, The Indemnity Bond and Court Process-Step by Step](#), also;
- ✓ [Article 620, Pay Attention if you want to Save Your Butts!](#)

Your Indemnity Bond is, at this point: **AMR10001**, and that is additionally backed up by the "individual trust account" assets that are owed to you as an American, and which should be accessible for your use to pay your bills and care for your families - but which have been used to create giant Slush Funds instead. [Write the following "**Held under Private Indemnity Bond AMRI00001 RA 393427640US New Hampshire**" on your land deeds, vehicle titles, and any other property assets they would come and try to seize.] Your Indemnity Policy is your "Home free" card to rebut all and any claims that come addressed against actual assets held in the All-CAPITAL LETTER Names.

Indemnity vs. Insurance

- ✓ **Indemnity** - accrues to unincorporated entities.
- ✓ **Insurance** - accrues to incorporated entities.

Dependent and Legal Dependent

From the "free dictionary" online service:

"A dependent is someone who is sustained by another person such as a child supported by his or her parents...In an insurance policy, the term legal dependent generally includes all of those people whom the insured person is under a legal duty to support, such as a spouse and minor children."¹

¹AnnaVonReitz.com: [Article 3059. Non-Judicial Courts: The Two Crimes They Use Most Often.pdf.](#)
AnnaVonReitz.com: SEE ALSO [ARTICLE 829, NOLs and Court System Basics](#)

Our former Federal Subcontractors, which have been operated as private, for-profit commercial corporations, have claimed to be our Trustees, thereby making us their dependents. They have also claimed that we are their legal dependents and that they are under a legal duty to support us as a result of exercising our delegated powers "for" us.

Understand this. They **insure** their operations as commercial corporations and *thereby secondarily insure us*, so they have claimed that we are their legal dependents, *even though they work for us and charge us for their insurance costs.*

They have been getting away with this **outrageous claim of "legal dependency"** because we were not "otherwise insured for, 'which, for us, means "indemnified" with an indemnity bond lodged with a bank somewhere.

The United States Treasury is our bank, so we lodged and allocated the **AMR10001- AMR100001 Bond and Bond Series as an Indemnification Bond for all fifty States of the Union** to put an end to the idea that we are legal dependents, as these corporations are our employees.

All of this underlines the critical importance of knowing who you are, having evidence of who you are, and your political status recorded, and being competent to conduct your affairs, such as setting aside an indemnity bond for the benefit of your security, or in this case, the security of all the States of the Union. **Your country and your Federation of States is back on the board. And so are you.**

Your State is indemnified and all the people deriving their political status from each State are also indemnified, and so you cannot be considered legal dependents of any foreign commercial corporation in the business of providing you with "essential governmental services."

*These sorts of tricks and unspoken wiles and games, Contempt of Court; Perjury; "indemnity" versus "insurance"; "dependent" versus "legal dependent" **are the best practical reasons to severely limit your Interactions with all non-judicial courts and the officers of such courts.***¹

The real solution: It is as simple as knowing who you are, being able to prove who you are, and standing steadfastly in your proper jurisdiction. Just stick there like a rock.²

EDUCATION TO AVOID ENTRAPMENT

Actions to Take Addendum

The idea is to stay out of their (de facto) courts, there are several ways to accomplish this and stay away from being kidnapped (taken to jail). First is return service which is covered in detail in a below section.

Using the Administration Process, sometimes called the Conditional Acceptance Process is another option. This is when you serve notice of liability, harm, trespass, or crime. You claim and demand, provide a deadline and wait. If nothing is received or non-satisfactory response, you then send out Notice of Default with a new deadline. If no response or non-satisfactory response. You then bill them both individually and commercially (from your fee schedule) and demand payment. After the deadline provided is missed, lien them under the UCC Administrative Lien through your secretary of state website. New Hampshire have had good success in filing these through the Massachusetts Secretary of State.

Example: *To: a man, Mr. John Q. Doe, sometimes doing business as Chief Financial Officer for Corporate Name.*

2. Tell who you are, and who you are not
3. Use Anna's notices, such as; i,a woman, Jane Regina Doe

11. Make sure to include: **All Rights Reserved. Without prejudice.**

2. Do not send a copy of the original letter but send proof of mailing and receipt.
3. General time frame to respond to this notice is 10-15 days.
4. You can include late charges of non-response for number of days between expiration of time for first notice and time you send second notice and invoice for your time and late fees, must be on a new invoice. **Make sure to give the invoice a unique number that you make up.**

Third Notice: Bill and Notice of Demand for Payment

1. Include statement they failed to respond within allocated time period.
2. Include copy of true bill, never provide a total.
3. Never state "final" in your last notice.
4. General time frame to respond to this notice is 7 days.
5. They didn't reply to your conditional acceptance, so they failed to prove they don't owe you a debt, they don't care about the fee schedule, just make your charges known and file as default and you can lien them just based off the first conditional acceptance, if you keep sending them bills and they keep passing them by silence of, then you are entitled to get paid.

Final step: Lien

1. File the lien in the State Secretary of State's office of your choosing
2. **Do your due diligence in researching which state you choose**

See UCC <https://www.law.cornell.edu/ucc>

If one violates the public law(s) he/she/it does not need permission to lien for trespasses. You will only find that language in administrative law. See the maxims of law. It is just business.

EDUCATION TO AVOID ENTRAPMENT

Handling "Return Service"

Thanks to impeccable, duly noted and honored reasoning, we can prove which jurisdictions the courts are operating in. There are only three (3) choices:

1. **Administrative**
Corporate Tribunals addressing their own employees
2. **Admiralty**
Military Law of the Sea
3. **Maritime**
Otherwise known as Commercial law, or the law of Contracts.

None of these jurisdictions represented by these courts happen to be competent to address average Americans. So, in order to gain jurisdiction over you and subject you to their law, they have to pretend that you are something or someone else.

If you receive mail, citations, court documents, summons, etc., and it is addressed in your name or what appears to be a variation of your name in all capitals, like this: **JOANNE K WARBURY**, it's either an **Administrative Court or a Maritime Court**, presuming that you are responsible for the creation and administration of a Uniform Code Contract Trust of some kind.

If you receive mail addressed to what appears to be your Proper Name addressed in Upper and Lower Case, like this: **Joanne Warbury**, it's an **Admiralty Court**, **pretending that you are some sort of officer or Enlisted Person**. For example, if you have mistakenly agreed to act as a "taxpayer" they can presume that you have voluntarily agreed to collect taxes for the King and are acting as a Warrant Officer in the British Merchant Marine Service.

The moment that you receive, by hand from a Process Service, or via mail, any official piece of paper from any of these courts, you need to "Return Service".

They offered you the "service" of making a contract offer. The proper response is to "Return Service."¹

EDUCATION TO AVOID ENTRAPMENT

Handling "Return Service" (*continued*)

Following are the steps you will need to "Return Service to any and all of these courts:

1. Take the Summons, or charges, or Citation, or whatever other piece of paper you first receive, and a red ink pen (which means to them, "Land Jurisdiction") and write across the top of the page.

Returned Service: No UCC Contract Trust and no Territorial Office

2. Directly under this one sentence and on the right side of the page, you sign using the same red ink pen and using a by-line like this:

By: Joanne Warburg

3. Directly under your Signature, you write the date out, like this:

August 21, of 2024 [*use the actual date, this is just an example*]

4. Make two (2) copies of this page.

5. **Take both pages directly and personally to the Office of the Court Clerk involved, and,**

- A. Have both dated stamped.
- B. Give the wet-ink original copy to the Clerk.
- C. Keep your copy for your records.

And that is it. That is all you should have to do, and it forestalls any further action in 90% of all cases, without further harassment.

- **First of all**, because you have made the proper reply by "Returning Service" they can't hold you in contempt of court.
- **Second**, because you have already returned service to all venues, Maritime and Administrative are answered by "no UCC Contract Trust" and Admiralty is answered by "no Territorial Office", they have no leg to stand on to pursue you.¹

Handling "Return Service" (*continued*)

What about the other 10%

1. If you are a Federal or State-of-State Contractor, you may have Federal Income and you may owe a Federal Income Tax as a result.
2. If you obtained all or a substantial percentage of your retirement or pension from Federal, State-of-State, or other government service, you may owe a Federal Income Tax on that part of your retirement that derives from Federal employment-only that portion that was from Federal or "federally connected" franchise sources.
3. If you are licensed to sell, manufacture, or transport firearms, alcohol, or tobacco across state lines, and are caught doing something improper in pursuit of these activities, you may be subject to their courts.
4. If you are knowingly and voluntarily engaged in interstate commerce and are operating a registered corporation for that purpose (remember, "Commerce" is business between two incorporated entities) other than a "UCC Contract Trust", you may be subject to their courts. So, if you choose to operate as an S-Corp, Non-Profit, LLC, Cooperative, etc., you may be subject to their courts.
5. If you are currently in the military service, you are obviously subject to the Uniform Code of Military Justice on the land and Admiralty law at Sea.

Did you know that even after you have been discharged from the Services, if you do not provide a letter of Termination to your Branch Commander, they can continue to presume that you have chosen to remain in their jurisdiction and that you are voluntarily subjecting yourself to their law? This means that every penny you subsequently earn in the private sector becomes "federally connected" and subject to Federal income Tax. If you do not formally surrender your commission as an officer as part of your Termination letter, you remain accountable to the military for life.

6. If you enter a properly ceded military base, encampment, arsenal, dock, or other facility, including a post office or federal courthouse, and cause a disturbance or violate posted warning signs or vandalize anything, you are subject to their courts.

So, you see, you can become subject to their courts and can be legitimately addressed by their courts under certain circumstances and if you voluntarily participate in federally regulated activities or choose to "reside" in their jurisdiction, you are part of the 10% of the cases that are not exempt.

However, under most circumstances, and with you knowledgeably operating in your normal capacity as Joe Average American, a simple "Returned Service" process is sufficient to ward off any untoward presumptions aimed at you.¹

EDUCATION TO AVOID ENTANGLEMENT

The Name Game

Early on, [Article 1344. The Iteration Method of Stopping Any Court Action Before It Starts](#), provided information for stopping any court action before it starts, **criminal or civil**.

You must avoid the whole issue of the "name game" entirely. When asked to "state your name" say only your first name, or first and middle name. For example, "John", or "John Michael", and admit that you are here to address the court "In this matter", which actually means in your fleshly body.

There are only three jurisdictions available to the courts now assaulting the American People:

1. **Ecclesiastical** courts
2. **Maritime** (commercial courts)
3. **Admiralty** (military courts)

To defeat the action against you, you must establish that you are outside all three of these potential jurisdictions.

At each step of the process the jurisdiction changes and change is signaled when the judge gets up from the bench and leaves the courtroom.

1. When he returns, you have "ratcheted up" into another and more serious jurisdiction. They always follow the same order and being in the **maritime (commercial) jurisdiction** where the answer (to why you are here to address the court) is to "**wish for**" **remedy**."

"Your Honor, for and on the record of this court, I am a living man, the blood flows and the flesh lives and I wish for remedy..."

[He will have to get up and leave the courtroom. When he comes back...]

2. The second more serious jurisdiction is admiralty (martial law) where the answer (to why you are here to address the court) to "**wish for**" **cure and relief**.

"Your Honor, for and on the record of this court, I am a living man, the blood flows and the flesh lives and I wish for cure and relief."

[He will have to exit again or dismiss outright. Most judges will dismiss at this point rather than risk the consequences of a final confrontation.¹]

¹ AnnaVonReitz.com: [Article 1344. The Iteration Method of Stopping Any Court Action Before It Starts](#)

EDUCATION TO AVOID ENTANGLEMENT

The Name Game (continued)

3. If the judge dares to leave and come back again, you are both playing for High Stakes, and are now in ecclesiastical court (canon law), where the answer {to the question to why you are here to address the court) is to **identify yourself in connection with the Creator**. A judge who violates your sovereignty in this jurisdiction loses his job permanently.

"Your Honor, to reiterate, for and on the record of this court, I am a living man, the blood flows, and the flesh lives, and we are sovereign. Nothing stands between me and the Divine Creator of All That is."

There is the final end. He has no further recourse, no other jurisdiction to exercise, and he must exit, permanently.

This is the "iteration" method when facing any action in one of their courts. You make these three "Iterations" as your only replles.¹

EDUCATION TO AVOID ENTANGLEMENT Shut Them Down - Info for Litigation Committees

"We, the People," State Citizens, those who act as Deputies of the "people" in each State to conduct the business affairs of each State, and who are charged to act as Fiduciary Deputies for their State of the Union...shouldering the responsibilities of self-governance at the State level, and serving as State Citizens and making decisions as Fiduciary Deputies of the State Government (when our Pillars are set up, elections made, etc.) **are obligated to "nip all attacks in the bud and teach people how to do it and come together to support each other in doing it, organized as [the] Litigation Subcommittee."**

So, here is what we do. We take a close look at all the articles referenced herein and apply them. In this section, we are talking about if/when "People" or "people" are already embroiled in court cases.

The following is word-for-word, [Article 3254 - Shut Them Down For Litigation Committees](#), from Anna Von Reitz, suggested for openers (doesn't matter what the summons, etc., et al, might be about). This is an example from Florida:

"Now please read the "conversation" below using Florida [*New Hampshire has been exchanged Florida in the script below*] as an example, and notice the pleasant, laid back, country-style tone that you need to establish with the Judge [adapt to your own kindest, personable style]. **Remember that the Judge is the Referee, you do not attack the Referee. You prosecute the Prosecutor, instead.**

"The Prosecutor is the one who has to establish jurisdiction for the court and also prove his own standing to bring any claim before the court-and even though this example is far from exhaustive (emphasis added), it's a good place for everyone to start.

"At your **first hearing (emphasis added)**, you say something like, "I am sorry, Judge _____ (*whatever their name is*). We all don't seem to be communicating very well, and I am sorry about that. I am not trying to be misunderstood or hard to understand. I object to what this man, the Prosecutor, is presuming about me and I accordingly wish for a hearing of the facts and evidence beginning with discovery of who this man, Mr. Prosecutor, is, and the capacity in which he is acting, because I understand this much-he must prove the jurisdiction of the court over both subject matter and my person, and he must prove his standing to bring any claim against me.

So, can we just start over and establish the nature of the claim and the parties? Because I am challenging the prosecutor and his ability to invoke the jurisdiction of the court. ***[This is your counterclaim and denial of jurisdiction.]***

"I don't believe that the prosecutor is acting as a Public Officer in any public office related to me and my activities, so I would like to see his license to practice law in this country-not a guild card, not a green card-an actual license issued by any level of my American Government. **Mr. Prosecutor, do you have such a license enabling you to address me?** [*Using bold to highlight the question.*] ***[He will not have one.]***

EDUCATION TO AVOID ENTANGLEMENT

Shut Them Down - Info for Litigation Committees *(continued)*

"Well, if you don't have a license, and you still claim to be acting in a Public Office related to me, do you have a bond and an Oath of Office, as required to be an American Public Official? If so, I'd like to see your Bond and Oath of Office. **[He will not have either of these.]**

"Now, I understand that you are working for the State of New Hampshire, and I further understand that the State of New Hampshire is an incorporated entity that is listed on the New York Stock Exchange and that it has the Dunn and Bradstreet Number of (DUNS 066760232), our research proves this is the DUNS Number for State of New Hampshire, please verify for yourself.

"So, Mr. Prosecutor, when you come to court representing an incorporated entity, you are required to have the corporation's charter in your hand, and I would like to see it, please?"

"And if you are not representing the State of New Hampshire or are representing other entities or are representing multiple incorporated entities besides the State of New Hampshire, I would like to examine those charter documents, too." **[He will not have anything to show.]**

"Okay, well, without any valid proof I, or the court can see, you are claiming to represent the State of New Hampshire, Mr. Prosecutor, and indeed to see some proof of your relationship with the State of New Hampshire and any other entities you are representing here as plaintiffs, so please produce proof that you have a contract with the plaintiffs allowing you to represent them? I need something that has the official State of New Hampshire seal on it.

"Now, if you are representing the State of New Hampshire, I assume you have a Business License and a Personal Liability Bond to ensure your Performance-may I see those please?"

"If we assume, and at this point, that's assuming a lot, that you are enabled and entitled to represent the State of New Hampshire, you are representing a franchise organization that is a federated state-and that means that you need to have to be a Foreign Agent with respect to New Hampshire and its people.

"Okay, well, Mr. Prosecutor, we're not doing so well here proving that you have the standing to invoke any court in New Hampshire, but nonetheless, just to be on the safe side, I need to give you and the Clerk and the Judge and the Court fair notice of my Foreign Sovereign status under the Foreign Sovereign Immunity Act. Many people wonder about the meaning of that Act, and you may be one of them, so I will just observe to you that it is Federal Law under the United States Code that requires me to tell you outright that I am a Foreign Sovereign with respect to you, because I am a **<state you were born on>** and I live in New Hampshire, which is a foreign jurisdiction with respect to the State of New Hampshire, where you and this court reside.

EDUCATION TO AVOID ENTANGLEMENT

Shut Them Down - Info for Litigation Committees *(continued)*

"Now, Mr. Prosecutor, do you have a wet, blue-ink signature of mine and Witnesses that I signed it, and established a contract between myself and the State of New Hampshire, that you are using as the basis of your complaint?" *[He will not have anything]*

If he refers to The Constitution of the State of New Hampshire, you remind him,

"But I, Mr. Prosecutor, live in New Hampshire, not the State of New Hampshire. Are you confused on that point?" If so, tell him, "Well, the New Hampshire where I live is three dimensional and has physical borders and rocks and trees and rivers. The State of New Hampshire is what they call an incomplete state-it only exists on paper as an incorporated entity. The Constitution of the State of New Hampshire has nothing to do with me. I haven't signed it and haven't even read it because it's a Foreign Service contract.

"Nobody actually lives in the State of New Hampshire, which is part of the problem here. In order for me to have anything to do with the State of New Hampshire, I'd have to be an elected official or officer or a dependent of the State of New Hampshire corporation, and I am notably not any such person. I am a living, native **<state you were born on>**, with no office of personhood or dependency related to the State of New Hampshire, however styled.

"So, I am a bit perplexed, and wondering who or what you have mistaken me for? And why? Isn't it apparent who I am? And what I am? Do I need to show you the record of my political status as a **<state you were born on>?** Or otherwise prove to you my membership in The New Hampshire Assembly? I have proof on the public record, I just wasn't able to bring it with me today.

"Mr. Prosecutor, I don't feel that you have demonstrated any contract with me, nor any contract with the State of New Hampshire enabling you to do or say much of anything in this courtroom. You should not be addressing me and making assumptions about me and my political status, and you shouldn't be attempting to subject me to laws that don't apply to me. I stand under the Public Law, not any private law, and I believe that I have made that abundantly clear today.

"May I have your agreement that you have failed the good faith and competency tests and are not able to establish either subject matter or in *personam* jurisdiction for this court? *[He will most likely stand silent.]*

"Judge, _____ I think we've all heard enough. The evidence is what it isn't-the Prosecutor has no standing to address me and has failed to establish the required jurisdictions for the court, so I believe that all consideration of his pleadings should be dismissed, and I would ask you to deliver the same conclusions and set me free."¹

Be reassured, we must be polite, because "they" are foreigners, and with respect to their own employees and dependents, they do have a system of foreign law to administer.

This puts us in a position of treating these folks respectfully with kindness, and using mild-sounding questions, using only the friendliest tone of voice (certainly not condescending or patronizing).

*Any honest frontal engagement "threatens" them - your plain English "offends" them, too. **Statements, rather than questions upset them, lack of decorum upsets them...they can accuse you of contempt of court and have their private security personnel haul you away to a jail cell.***

You are then in the "possession" of a private foreign corporation, and like the pirates of old, they can claim to own you and dispose of you as they wish... as long as no lawful government claims you and pays your insurance.¹

Further Information:

1. **Black's Law Dictionary; 4th Edition;** pg. 637

Entrapment - The act of officers or agents of the government in inducing a person to commit a crime not contemplated by him, for the purpose of instituting a criminal prosecution against him. *Falden v. Commonwealth*, 167Va. 549,189 S.E. 329,332. *Lee v.State*, 66 Oki.Cr. 399, 92 P.2d 621,623. But the mere act of an officer in furnishing the accused and opportunity to commit the crime, where the criminal intent was already present in the accused's mind, is not ordinarily entrapment. *State v. Cowling*, 161Wash. 519, 297 P. 172, 174. [SIC]

2. **Black's Law Dictionary; 4th Edition;** pg. 390

Contempt - A willful disregard or disobedience of a public authority.

Contempt of Court - Any act which is calculated to embarrass, hinder, or obstruct court in administration of justice, or which is calculated to lessen its authority or its dignity. *Ex Parte Hobbrook*, 133 Me. 276,177 A. 418,420.

Committed by a person who does any act in willful contravention of its authority or dignity or tending to impede or frustrate the administration of justice, or by one who, being under the court's authority as a party to a proceeding therein, willfully disobeys its lawful orders or fails to comply with an undertaking which he has given. *Snow v. Hawkes*, 183 N.C. 365,111S.E. 621, 622, 23 A.L.R. 183. Classification Contempts are of two kinds, direct and constructive. Direct contempts are those committed in the immediate view and presence of the court (such as insulting language or acts of violence) or so near the presence of the court as to obstruct or interrupt the due and orderly course of proceedings. These are punishable summarily. They are also called "criminal" contempts, but that term is better used in contrast with "civil" contempts. See *infra*. *State v. McClaugherty*, 33 W.Va. 250, 10 S.E. 407. *Pelletier v. Glacier County, Mont.*, 107 Mont. 221, 82 P.2d 595, 597. Constructive (or indirect) contempts are those which arise from matters not occurring in or near the presence of the court, but which tend to obstruct or defeat the administration of justice, and the term is chiefly used with reference to the failure or refusal of a party to obey a lawful order, injunction, or decree of the court laying upon him a duty of action or forbearance. *Maryott v. Maryott*, 124 Neb. 274, 246 N.W. 343. Constructive contempts were formerly called "consequential," and this term is still in occasional use. Contempts are also classed as civil or criminal. The former are those quasi contempts which consists in the failure to do something which the party is ordered by the court to do for the benefit or advantage of another party to the proceeding before the court, while criminal contempts are acts done in disrespect of the court or its process or which obstruct the administration of justice or tend to bring the court into disrespect. A civil contempt is not an offense against the dignity of the court, but against the party in whose behalf the mandate of the court was issued, and a fine is imposed for his indemnity. But criminal contempts are offenses or injuries

Foreign Sovereign Immunity Act

There is nothing stopping us from finishing the reconstruction of our Federal States of States, taking them out of mothballs, and returning them to full operation. Nothing, that is but our ignorance, and perhaps unease in taking responsibilities that we have never handled before.

It is up to us, no one else, to operate our own government and to do so according to the rules our ancestors established until this entire country is awake, organized and educated enough to make other choices.

We must do the work of self-governance and assemble our State Jural Assemblies, act in our unincorporated capacity, take care of business, and tell our employees what we want them to do. We do not have to petition or arbitrate this. **The Territorial Congress already agreed we are immune by passing the Foreign Sovereign Immunity Act in 1976.** The Municipal Congress has nothing to say about our immunity, because we are already the "authorized person" associated with all our ACCOUNTS. ¹

The Foreign Sovereign Immunity Act and the **International Organizations Immunity Act** released all state law and all state offices to the UN back in 1976.² This does not mean what it sounds like (see "A COMMENT ABOUT THE INTERNATIONAL ORGANIZATIONS IMMUNITY ACT" below)

We are the "Foreign Sovereigns" referred to in the Foreign Sovereigns Immunity Act. See Subsections **1605 and 1607** are crucial.... SEE ATIACHED

We must identify ourselves as Foreign Sovereigns owed all exemptions and immunity immediately upon approach, the moment one of their courts sends us a summons, the moment they dare to say anything whatsoever at all and be prepared to make it stick. **Our "indemnity receipt" is the Birth Certificate**, which the military had to issue when they seized upon our name and estate and kidnapped us into their foreign British Territorial United States of America jurisdiction back when we were babies in the cradle.

The Birth Certificate is proof of what they did, conscripted our name and estate. It is also proof that someone who just happens to have your Given Name and who was born in the same place at the same time and to the same father and mother as you were, is insured against loss or damage and is naturally EXEMPT and immune. **We are the missing foreign sovereign.**³

It is up to us to give them MANDATORY NOTICE that we are exempt and immune, a Foreign Sovereign (with respect to them) per the Foreign Sovereigns Immunity Act of 1976.⁴

Clarification

The Foreign Sovereign Immunities Act as summarized by Wikipedia:

"The Foreign Sovereign Immunities Act (FSIA) of 1976 is a United States law, codified at Title 28 §§ 1330, 1332, 1392 (f), 1441(d), and 1602-1611 of the United States Code, that establishes the limitations as to whether a foreign sovereign nation (or its political subdivisions, agencies, or instrumentalities) may be sued in U.S. courts-federal or state.... It was signed into law by President Gerald Ford on October 21, 1976."

We must know that they are not a sovereign government of any kind with respect to us, but are, in fact, nothing but one or another species of government corporation (31USC 9101) engaged in commercial transactions under the guise of operating a lawful court.

We are also required to remember that we, the people, and our states, retained the international land jurisdiction. We didn't ever delegate the international land jurisdiction to *"the United States" incorporated*, nor did we delegate all of our powers on the sea. **These reserved powers are the powers that we must invoke to bring these criminals to justice.**

The Clearfield Doctrine was handmade to ratchet open their throats on this issue and basically says that when a government descends to the level of a commercial corporation and operates as such, it is owed no sovereignty and has no special rights or indemnities. It is subject to all the same rules and limits as any other commercial corporation.

If you cannot be tried by the JC PENNY CORPORATION COURT, neither can you be tried by the DISTRICT OF COLUMBIA MUNICIPAL CORPORATION DISTRICT COURT. That is your immunity from prosecution in a nutshell.¹

A Comment about the International Organizations Immunity Act

On December 9th, 1945, International Organization Immunities Act relinquished every public office of *"the" United States* to *"the" United Nations*.

This action was taken by the Pope's Municipal United States Government franchise handing over its offices and statutes to "the" United Nationals (incorporated) - the UN Corp. **It is not our "United States". It is the Municipal entity operated "in our names" as "the" United States** - but having no delegated authority to donate our states or any public law of ours to *"the" United Nations*, which is the UN Corporation and a totally different kind of "organization" than The United Nations.²

Foreign Sovereign Immunity Act (*continued*)

International Organizations Immunity Act

The overt intent of the law was to exempt some special groups including the United Nations and various foreign-government related organizations from obeying United States law, a sort of diplomatic immunity applied to whole organizational instead of specific people.

Your NAME written in all capital letters is being used as the name of an International Organization-and it is exempted under the IOIA so that "YOU" can engage in all sorts of unsavory and licensed activities.

This explains how "I", "ANNA MARIA RIEZINGER", was supposedly running a rum distillery in Barbados according to the IRS Masterfile attached to "MY" NAME, at the same exact time that I was actually at home in Alaska running an art gallery.

What this means is that these unspeakable vermin have "US" out running around the world doing all sorts of criminal and licensed activities for them, and then exempting "US" from the law so that they can benefit from "OUR" bad behavior as drug runners, privateers, arms dealers, booze manufacturers, and all the rest. Obviously, this is a crime syndicate operation in which they are using our good names and our identities to do evil which they benefit from at our expense, all without our knowledge. If and when they got caught, we'd be blamed for it.¹

Foreign Sovereign Immunities Act - Grants United States District Courts original jurisdiction, without regard to amount in controversy, of any nonjury civil action against a foreign state as to any claim for relief in person with respect to which the foreign state is not entitled to immunity.

States that, in all such cases, district courts shall have personal jurisdiction over a foreign state where the prescribed service of process is made.

Relates the Congressional finding that determination by the United States courts of the claims of foreign states to immunity would serve the interests of justice and would protect the rights of both foreign states and litigants in U.S. courts. Defines "foreign state," "commercial activity," and other terms for purposes of this Act.

Provides that, subject to existing international agreements to which the U.S. is a party at the time of enactment of these provisions, foreign states are immune from the jurisdiction of U.S. courts except as provided in this Act.

Declares that a foreign state is not immune from the jurisdiction of U.S. courts if: (1) the state has waived its immunity either explicitly or by implication; (2) the action is based upon specified commercially related activities; (3) the action is based upon rights in specified property, connected with commercial activity, taken in violation of international law; (4) the issue is rights in U.S. property acquired by succession or gift or rights in immovable U.S. property; or (5) money damages are sought against a foreign state for personal injury or death, or damage to or loss of property, occurring in the U.S. and caused by the tortious act or omission of the foreign state or its official or employee acting within the scope of his office or employment.

Exempts from the last category claims based upon discretionary functions and claims arising out of malicious prosecution, abuse of process, libel, slander, misrepresentation, deceit, or interference with contract rights.

Declares that foreign states are not immune from the jurisdiction of U.S. courts in the case of admiralty suits brought to enforce a maritime lien against a foreign state's vessel or cargo, which lien is based upon the state's commercial activity. Provides, however, that proper notice must be given to the person, or his agent, having possession of the vessel or cargo against the lien asserted and to the foreign state. States that the lien shall thereafter be deemed an in personam claim against the foreign state and that the court may not award judgment greater than the value of the vessel or cargo.

Denies a foreign state, which brings or intervenes in an action in a U.S. court, immunity with respect to any counterclaim; (1) where it would not otherwise be entitled to immunity under this Act had such claim been brought in a separate action against the foreign state; (2) arising out of the transaction or occurrence that is the subject matter of the foreign state's claim; or (3) to the extent that the counterclaim does not seek relief exceeding in amount or differing in kind from that sought by the foreign state.

Stipulates procedures for service of process, time to answer, and default.

Provides that, subject to existing agreements to which the U.S. is a party at the time of enactment of this Act, property of a foreign state in the U.S. shall be immune from attachment, arrest, and execution except as permitted in this Act.

Except from such immunity specified U.S. property used by a foreign state for commercial activity and any property of the U.S. of an agency or instrumentality of a foreign state which engages in commercial activity in the U.S. subject to enumerated restrictions and conditions.

Excludes from attachment or any other judicial process the property of those organizations designated by the President as entitled to fall within the provisions of the International Organizations Immunities Act. Immunizes also, from attachment and execution, property: (1) of a foreign central bank or monetary authority held or its own account, unless it, or its parent government, has waived such immunity; and (2) used, or intended for use, in connection with a military activity where the property is of a military character and is under the control of a military authority or defense agency.

Specifies the proper district for bringing civil actions against a foreign state. Provides for removal of such cases from State to U.S. district courts by the foreign state.

Declares that these provisions shall take effect 90 days after enactment. Adds 28 U.S.C. 1330,1602-11; Amends 28 U.S.C. 1332, 1391,1441.

"The Congress finds that the determination by United States courts of the claims of foreign states to immunity from the jurisdiction of such courts would serve the interests of justice and would protect the rights of both foreign states and litigants in United States courts. Under international law, states are not immune from the jurisdiction of foreign courts insofar as their commercial activities are concerned, and their commercial property may be levied upon for the satisfaction of judgments rendered against them in connection with their commercial activities. The IRS has no capacity of its own to enforce anything. All power of distraint related to the IRS is vested in the Bureau of Alcohol, Tobacco, and Firearms (Hereinafter referred to as BATF). 27 CFR, Chapter 1, Subchapter F, Part 70: All power of distraint enforcement of the IRS is connected to and through the Bureau of Alcohol, Tobacco, and Firearms (BATF). So, the Federal Government got into the "Sin Tax" business and claim that we are all federal citizens of one stripe, or another engaged in some activity related to the "interstate manufacture, sale, and transport" of alcohol, tobacco, and firearms.

IRS "Agents" have all been working for a private trust fund in Puerto Rico run by members of the Dominican Order under the Spanish Law of the inquisition collecting Church Tithes called "Peter's Pence"---purportedly in the form of "gift and estate taxes".

Any notice must be from the BATF, and they must prove you have been operating a foreign corporation offshore that was engaged in the interstate manufacture, sale, or transport of alcohol, tobacco, and/or firearms.

b. [Article 2231: Here's Kicker Number 1 Regarding IRS- BATF](#)

Some of the highlights:

Per researchers <https://www.law.cornell.edu/cfr/text/1/21.21> the only powers of distraint related to the IRS overtly lodged with the BATF, but the IRS is not allowed to access distraint powers lodged in any other Agency acting under any other Title of Federal Code- including Title 27 --- that is, the BATF Title.

That means the IRS does not have ANY access to ANY powers of distraint through the BATF, either. Evidenced 1CFR 21.21(c) that basically says: The IRS is not allowed to use Title 27 enforcement regulations. The IRS cannot use any "enforcement" regs from any other U.S.C. Title other than Title 26. All Title 26 (alleged) code section violations- HAVE TO HAVE A TITLE 26 "ENFORCEMENT" REGULATION in the Parallel Tables of Authority. There are "NO" Enforcement regulations (meaning collection regulations) for any Title 26 violations.

Title 26 "Enforcement" regulations are regs "APPROVED" by Congress, but there are "NO" enforcement regs for any Title 26 violations. The whole 1040 tax return scheme is 100% "VOLUNTARY" and when someone doesn't file a 1040 tax return and pay income taxes they are "effectively" un-volunteering to pay,thus,Congress gave NO "AUTHORITY" or "RIGHT" to the IRS to file a lien or levy or seize anyone's bank acct or garnish their wages, pensions, or social security payments --so this is why there are no valid "ENFORCEMENT" (tax collection actions) Code of Federal Regulations (CFR) in the Federal Register where they have to be published by law or they are not valid positive law regulations applicable to the living men and women in the state of the union. All would be considered illegal taking,they do not even have the authority from Congress to send an "Amount Due" notice.1CFR § 21.21verbiage was provided in the article.

All IRS Auditors are functioning as Officers in the Military and using DD150 "Commissions" --- without, any authority to audit 1040 Forms.

Send this video to any IRS Agent that contacts you. Explain you are a non-citizen, non Federal Employee, payment of federal taxes is voluntary, and you are choosing not to volunteer.

She also explains two "IRS" organizations - the Internal Revenue Service, collecting money for the British Territorial United States Government, which acts under the premises you are a corporation and the IRS, collecting money for the Papist Municipal Government, which has a different rationale, leading to the same ends.

The Papist Municipal Government pretends that you owe it money for the privilege of impersonating yourself and operating as one of their incorporated franchises, they are taxing your "corporation" which you do not even know exists for a privilege you are unaware of too.

They claim you have been "pledged" by your Mother or by FOR, or otherwise by yourself, to pay Municipal Income Taxes. When the Pope and his Vatican Chancery Court Officials were confronted, they confirmed we are tax **percue - meaning "tax pre-paid,"** that the PERSONS were merely given to us as gifts!

Add to your verbiage you are not a Catholic, you don't embrace their holy cause, and you do not pledge nor pledging, and do not consider to be a Municipal citizenship a benefit or privilege of any kind. State you are a foreigner with respect to the Municipal Government owed every jot of The Constitution of the United States agreements.

"pledge" of your service as a Withholding Agent was always voluntary (whether you knew it or not) so long as you are not a federal employee (Military or Civilian), willingly operating as a federal corporation, of African American descent, a political asylum seeker or welfare seeker.

During the Second World War a voluntary Victory Tax program was established, Americans were asked to "donate" a portion of their wages equal to the federal income tax to the war effort. Millions upon millions of working-class Americans did so. The sunset clause of this Act makes it clear that any such election to pay federal taxes was supposed to automatically end with the cessation of the armed conflict at the lates, August of 1945. This never happened nor did they instruct how to revoke their election to pay.

The formation of the Internal Revenue Service abuse continues to this day. Make sure to keep a copy of your revocation documents and mailing receipts and whenever they contact you, send them a new copy.

Whatever you do, firmly maintain your status as an American State National (Article IV, Section 2) who is "retired" from any presumption of United States citizenship.

[b. Article 560: How to Correct Your Political Status and Why](#)

Some of the highlights:

The article explains how we have been entrapped in a profit- making scheme that pretends we have knowingly and willingly agreed to act as a volunteer federal employee---specifically, as a "Withholding Agent"---a Warrant Officer in the Merchant Marine Service, and that we have purposefully and knowingly enrolled in the Social Security program which is only available to federal employees in order to receive benefits from the Public Charitable Trust (PCT) which was organized in the wake of the Civil War for welfare relief of former plantation slaves.

The IRS like all government contractors, operates through paperwork and uses fear to control people. They do not just show up at your door overnight or freeze your accounts. They use a series of letters and notices to try to intimidate you and seek to instill fear in you. Every letter and notice can be properly rebutted. The IRS scam was figured out decades ago and it is possible to navigate out safely. The horror stories we hear about are propagandized to reinforce the fear. Torture one, terrorize 10,000. The people that have had problems, are people who have not properly corrected their status. If you participate in their jurisdiction (the Maritime jurisdiction) they still own you. You must work with your assembly to make sure you have the correct paperwork and that it is properly filled out, recorded, and published.

Two accounts are kept - one records credit due and one records debts due. The IRS (IMF) keeps track of the debt side, and the INTERNAL REVENUE SERVICE (FEDERAL RESERVE) keeps track of the credit side.

The credit side of "your" account is operated under "your" Social Security Number without dashes and enclosed by asterisks: *123456789* by the "INTERNAL REVENUE SERVICE" run by the FEDERAL RESERVE that has recently reorganized under the auspices of the US INC.

It is presumed you have "voluntarily" agreed to act as an unpaid federal employee known as a "withholding agent" without full disclosure. We need to object and invoke our Common law right preserved by UCC 1-308 and 1-103.6 not to be bound by any defective contract, including those that are unilateral, lacking full disclosure, which are inequitable, not in-kind, tainted by fraud, entered by Third Parties merely claiming to "represent" us, or which are deemed to exist as a result of our receiving any compelled benefit or fruit of monopoly inducement.

"Just say no" to the IRS and sever any further presumption or relationship with them as of the end of the federal fiscal year (June 30) of any year you choose. We simply invoke our rights stated above by sending a polite letter to the IRS referencing 26 USC 6013 and tell them that you are "revoking your election to pay" as of the 30th of June...

The heart of the real fraud is the semantic deceit that results as a false claim and identity theft and misappropriation of credit and misadministration of the public trusts administered by the "Internal Revenue Service" I "IRS" system.

History- 1917 the **Trading With the Enemy Act** falsely declared that the American People- the employers of the United States of America, Inc, were "enemies" and conscripted- that is, "borrowed" us and our property "for the war effort". They failed to return our property after the war ended and continue to hold it to this day.

[Article 634: IRS Claims of "Frivolous Return"](#)

The [sending out "frivolous return" responses] is standard practice with the IRS, which is just a private bill collection agency.

Anything you send back to them can be considered a "return" in a sense, and it is in that sense that they are using the word. You have not sent them a "Tax Return" at all and cannot be accused of having done so.

The "Withholding Agent" is a Warrant Officer on a Merchant Marine vessel.

The Voucher printed at the bottom is their "Cover Our Butts" token. It appears to be a payment slip - but at closer look above your name and address is your social security number without dashes and enclosed by asterisks, this is the credit side of your account, you have to properly instruct them to access it.

A Payment Voucher works like a Coupon or other similar instrument that allows you to claim or do something. In this case, it allows you to claim your exemption from federal taxation. Follow article 607 and 609 instructions- "ACCEPTED FOR VALUE, EXEMPT FROM LEVY" red ink stamp.

Red ink is used to cancel stamps at the post office because it is private international land jurisdiction. Land is red and Sea is blue.

Verbiage suggestion for "frivolous letter"

Contrary to your desires and presumptions, I am claiming my exemption and revoking any election to pay federal income taxes. Having done so and having notified the Commissioner(s) of my decision, I am prohibited by law from ever filing again.

Also contrary to your suppositions, I am the paramount security interest holder in all assets registered and unregistered and held in this NAME and I am not a municipal CITIZEN of the UNITED STATES nor am I a territorial U.S. Citizen. More importantly, I am not a "Withholding Agent" which is a Warrant Officer aboard a Merchant Marine vessel, volunteer or otherwise.

Any attempt to coerce me into making any such false admissions or assumptions of debt under penalty of perjury would be suborning a crime and you would be an accomplice to that crime and more, should you continue to suggest that I am not free to relinquish any "voluntary" job or status or to suggest that I am a "Taxpayer" or that I have any such obligation or made any "frivolous return" to you, as you implied with your most recent correspondence.

I have returned and surrendered the federal "PERSON" to the Treasury and have named Mr. Steven T. Mnuchin the Fiduciary responsible. You will need to return enclosed Voucher to the Treasury for payment/adjustment of the account. That said, I suggest that you put my NAME on the "Do Not Contact" list as technically, any further contact from your office is mail fraud.

Always make sure to reply to any mail received from the IRS, mail certified, keep copies to prove it.

Not a permanent solution but should stop them in their tracks. Federal Reserve Notes are defined as Promissory Note- an I.O.U. which is evidence of debt, not evidence of income.

As long as they don't pay you anything but their eternal indebtedness, you have no profit as if you have no profit, you have no income, which is defined as "profit separated from capital".

This proves that at least since 1913 they have been knowingly collecting Federal Income Taxes under false pretenses and owe everyone- including federal employees- the return of all that credit plus interest.

"Third, clearly, you are misaddressing me, and any bills owed by either the British franchisee or the Municipal CORPORATIONS are related to THEIR income and THEIR taxes and have nothing whatsoever to do with me and my earnings. Anna suggests for us to look at Article I, Section 8, Clause 17 and read Justice Harlan's dissenting opinion on *Downes v. Bidwell* and the rest of the Insular Tariff cases. We will see what has gone on here, how, and why and we will not like it a bit.

Abraham Lincoln fundraised for the war effort by selling "1040 Bonds" ----so called because these bonds mature in either 10 or 40 years. The revenue realized by the sale is used to pay off war debt. Collected yearly of "1040 Forms" results in the issuance of more bonds based on the labor and assets of the people, but with the federal government and its "federate state" franchises being the beneficiaries. Stemming from the first income tax "Peter Pence" to pay for the Crusades in the early 1100's in both England and France.

Next comes The Victory Tax where non-citizens "voluntarily" pay the federal income tax as a patriotic gesture in support of the war effort giving an average of two bucks their employers collected and gave to the government. The tax should have stopped for American state nationals as of August 1945. The Federales kept right on collecting and enforced the collections.

The "revocation" clause located at Section 6013 of the Internal Revenue Code, Title 26. We need to keep track as it gets moved around but remains the remedy for the crime being perpetuated against the people of this country.

It is at the beginning of the third page that now states (three) IRS, Internal Revenue Service, and Internal REVENUE SERVICE Commissioners.

Reminder the federal fiscal year ends June 30 and begins July 1 of each year and that "tax years" lag behind normal calendar years. Thus, if you wish to stop paying taxes effective with the federal tax year of 2012, you will make your revocation of election effective July 1, 2011---the prior year.

We need to explain we "made a mistake" and that we were never actually a volunteer Warrant Officer in the Merchant Marine Service and were confused about what a "Withholding Agent" was when we signed our prior 1040 forms. Now that we know we will not be confused again. The submission of a 1040, 1065, or any other "federal: tax form creates the presumption that we are either a "united States Citizen" (employee) or "citizen of the United States" (slave) or operator of a federal corporation (YOUR NAME) or an actual business corporation with a federal charter. This presumption can be rebutted with a "revocation of election to pay" or simply never filing any federal tax forms to begin with thus standing your ground as a private American state national---so long as you are not naturally a member of one of those groups who are required to pay federal income taxes.

If we have already made the mistake of filing paperwork as a "Withholding Agent", the act of doing so creates a "novation contract" which is a repetition of performance contract-----another legal presumption that you are in fact a volunteer Warrant Officer in the Merchant Marines and that you will be filing tax forms again the next year. This is what gives rise to "Failure to File" charges.

However, now that we have admitted our mistake and we know what a Withholding Agent is---it would be illegal inducement to perjure yourself to require us to file anything saying that you were voluntarily acting in that capacity.

One of the most curious facts is that if we file a 1040 or other form and we make any mistakes at all---on purpose or not---we can be held accountable for a felony and up to five years in prison and all sorts of fines. But if we never file anything at all, the most we can be charged with is a misdemeanor and up to a year in jail.

So, what you do when you receive a "ACCOUNT Statement" often disguised as a "Billing Statement" that appears to be a bill, but technically isn't, you write back to whatever agency sent it, and you tell them that you received "a misaddressed ACCOUNT Statement" and you are forwarding it on to the State of State Secretary of State (e.g., State of Minnesota Secretary of State) with instructions to them to open your Exemption Account and discharge the amount.

Then you forward the ACCOUNT Statement and copy of your letter and a brief cover letter addressed to the State of State Secretary of State. If you live in one of the western states or any state that wasn't a State by the start of the Civil War, you let him know that as of October 1, 2020, your State has been officially enrolled as a State of the Union, effective with the time and date it first entered Territorial Statehood.

That is Job one that must be taken care of if you live in one of the states formed during or after the Civil War.

Then, you tell him that you are a Californian, New Yorker, or whatever other state national designation applies, and a "peaceable" American, who has reclaimed their birthright political status, declared it, and recorded it. You are a member of The Assembly, and you wish them to open your Exemption Account and settle the charges that were forwarded to you by mistake.

As long as you aren't working for a Federal Employer, that should be the end of any taxation questions or billings. And if you are working for a Federal Employer and have reclaimed your birthright status for one of the two citizenships you are allowed to have as a Federale, you should still have no further taxation bills to worry about. The Problem

"Child Protective Services (CPS) and/or the Department of Human Services (DHS) are private, non-governmental agencies funded by federal grants. Child Protective Services (CPS) is a multi-billion-dollar business and can be a very corrupt service. Unfortunately, there is an incentive to sell offspring, and CPS can be fraudulent and can hide behind the confidentiality clause..."

This is all part of the illegal and unauthorized "government by agency" introduced by Franklin Delano Roosevelt and the corrupt Municipal United States Government being run amok by the Office of the Roman Pontiff, which has served to "privatize" government functions and place them into the hands and control of unsavory private business interests.

This has all been further promoted by the Federal Block Grant Scam introduced by another Democrat who came to power via criminal violence-lyndon B. Johnson-which is basically just bribes and kickback money offered to state-of-state and local government franchises in return for tolerating and advancing federal racketeering operations on our soil. This appalling criminality has to be stopped nationally, within our States, and internationally, by The United States of America. As horrific as the situation with DHS and CPS is, these are merely two (2) so-called "Federal Agencies" which are run as unaccountable privatized crime syndicates, all operating under color of law. They have no actual authority to address Americans or take our offspring, but they pretend to have such authority and get away with it because people remain uninformed and trusting-thinking that these "agencies" are actually part of our government when they are not.

These agencies-like the IRS, like the FBI, like DOJ, like BIM-are just subcontractors of subcontractors. They are hired and operating under color of law, under the auspices of the Pope's Municipal United States Government, which is operating the so-called "Federal Civil Service" and doing business in our name as "the" United States.¹

The Real Solution

It is as simple as knowing who you are, being able to prove who you are, and standing, steadfastly, in your proper jurisdiction. Just stick there like a rock

We already have the lawful standing to enforce our public law and now all we need are the sheer numbers and organization to do so. While it is true that in this particular Cause, one man is an army-it helps to be a part of an "army" of people who are similarly fed up and standing together. All these problems and issues that people are so worried about can be brushed away like so many cobwebs by their own hands. It can be done safely, peacefully, and with lawful authority - and all it really requires is for you to wake up, join together, and enforce the Public law. Law that already exists. In other words, simply by doing our own parts, our "Public Duty", and accepting the responsibilities of self-governance, we can do away with not just one or two of the aforementioned evils and not just for a limited number of people; we can do away with all of these evils for everyone.²

What Should I do Before CPS Comes Calling?

If someone is receiving Welfare, stop it. CPS can take your children at will. Such a circumstance is only made possible because you were on welfare and/or claiming to be "US Citizens".

We are required to be responsible for our lives so that we can claim our rights and not be subject to these criminals in suits. Rights come with responsibilities. If you want your parental rights and want to keep your children and grandchildren under your control, better get your own ducks in order and reclaim your own birthright political status. Better join your State Assembly, too. Make it your goal to never have to rely on the government for anything, take it all seriously and teach your children, too. Your rights begin and end with your responsibilities. If you self-govern, nobody has any right to govern you. Or your children, either.¹

If you are a single Mother, you should find a "Paternal Familis" to act as Paternal Guardian for your children. There is a Roman Civil law adopted by the Municipal United States Government. This is literally the law of Rome, more than two thousand years old, all scribed in Latin. Under Roman Civil law, a woman can own property (such as her own children), only as long as there is a male head of household willing to claim those children as his responsibility. Otherwise, the Municipal Government views her children as very valuable unclaimed property, presumed to be unwanted bastards, slaves, in other words. And they will claim the children of unprotected women as WARDS OF THE STATE. As a result, divorced women, actual unwed mothers, and widows with children all need to find trustworthy men to stand in the place of Pater Familis with respect to their children.

This Paternal Guardian can be, and if possible, should be the Grandfather, Uncle, Brother, or other relative who is a man of good character and of age and otherwise able to support a family. In a pinch, a Godfather can serve, or even a family friend, but someone must fill those empty shoes, or the children are at risk under Municipal Law. It is this same antique form of law that allows slavery and peonage to exist in the modern world. Having someone on the record to stand as Pater Familis is wise, as it discourages the Vermin from attacking you and your children in the first place. They cannot assume that your children are "fatherless" and without support, which is the most common excuse they use to claim them and send their "agents", "Child Protective Services," to seize upon your kids. You also need to clearly establish the birthright political status of your child as an American State National for their sake.²

What to do If CPS Comes to Your Door

Child Protective Services will usually show up with a deputy sheriff as a civil standby. They will usually say that they have an 'order' (not a warrant which it needs to be).²

NOTES

- Family courts are involved in human trafficking.
- The term 'child' is a term for chattel that can be bought and sold.
- Court is only a 'business meeting'.
- If you have to go to court, look for an Article 3 Court, not an Admiralty Court.
- Executive order 13903 is still standing and in effect (Combating Human Trafficking and Online
- Child Exploitation in the United States).
- Your offspring are your property. Call them that. Do not call them 'children' in an admiralty court. They must have a warrant to take your property. To get a warrant, they must have a probable cause or suspicion. To get the warrant they must have an eyewitness saying, 'on this day, at this time, I saw this person put this offspring in danger.' Two or more witnesses are required.
- If you receive anything from CPS/courts in the mail, it is mail fraud. Contact the Office of the Inspector General of the Postal Service. Investigate Title 18 subsection 1341 about mail fraud.
- Title 18 subsections that can be used to prosecute government employees: USC 287 False Claims
 - USC 371 Conspiracy
 - USC 1001 Statements or entries generally (False statements)
 - USC 1341 Mail Fraud
 - USC 1343 Wire Fraud
- A Supreme Court case stated that 'every man may act as a private attorney general and may prosecute government employees. The U.S Congress codified the private attorney general principle into law with the enactment of Civil Right Attorney's Fees Award Act of 1976. 42 U.S.C. § 1988. The Senate report on this statute stated that The Senate Committee on the Judiciary wanted to level the playing field so that private citizens, who might have little or no money, could still serve as "private attorneys general" and afford to bring actions, even against state or local bodies, to enforce the civil rights laws.¹

- The Hobbs Act (Title 18 USC 1951) prohibits actual or attempted robbery or extortion affecting interstate or foreign commerce. Section 1951 also proscribes conspiracy to commit robbery or extortion without reference to the conspiracy statute at 18 USC § 371. Although the Hobbs Act was enacted as a statute to combat racketeering in labor-management disputes, the statute is frequently used in connection with cases involving public corruption. TRUTH TESTIMONY/AFFIDAVIT

i, _____ am the flesh-and-blood woman, of age of majority[competent and of sound mind; with firsthand knowledge, and do give this Truth Testimony in this Affidavit, and do decree and declare my testimony is based on facts forthwith; and

i, grant the court to proceed with my Demand, Decree and Declare and take Notice of the facts at hand; and

i, _____ rescind my signature/autograph from any/all documents that have been given on any/all applications, inquiries, and any/all licenses obtained in the State of _____ to any/all agenc(ies), including, but not limited to Child Protective Services; as it has come to my attention recently that any contract that i have signed by my hand with said organization is null/void due to non full disclosure; and

Here in this court, # _____ i, _____ Declare and Decree as it is my right to withdraw from any contract that has not divulged full disclosure; whereas said contract(s) are null/void from the beginning when autographed without "full disclosure, "without "consideration," or "lack of consideration"; and

Whereas, any/all CPS documents have been forced upon me under threat, as if it were mandatory to autograph; whereas, i now know it is tyranny to arbitrarily withhold pertinent information concerning a matter which leads a man/woman to believe that it is a law, when in fact the request for an "autograph" is based on statute. The "All Capital" name represents the "artificial person", a commercial transmitting utility, and is not myself, _____ ' the live woman; and

Whereas, all contracts that have my assumed name in all CAPITAL LETTERS does not apply to me, of which any/all agencies, doing business under "color of law" are to drop any/all case(s) against me, and any/all cases that pertain to my property, i.e., my son and daughter, who go by the Christian callings of , and, but CPS forms document their Christian calling in an "ALL CAPITAL" format which is "*Capitus Diminutio*", a diminished status, other than one of God's creations. I assumed names _____ and; _____ (I don't know why you have "assumed names" here fyi?)

Whereas, the agency known as "Child Protective Services" is committing fraud in their defective process as said process is lacking in "due process", Take note: Canon Law #119.3 states: "That which affects all as individuals must be approved by all."; Whereas, the State of _____'s Judiciary Code follows Canon Law and all court procedure also derives from "Canon Law". Therefore, i do not wish to interact with the corporation known as CPS for any/all reasons; and

i, did not invite Child Protect Services into my home or life for any reason or Circumstance; i, have not asked or requested for services from Child Protective Services and did not grant anyone from the agency to interfere into my life willingly, consensual, or in understanding of the terms and conditions, or the rights that i have as a living woman to protect my property; and

Statements made by police officer the night of May 5th, 2020, when Child Protective Services were called, have no rights to interfere unless a crime has been committed, and is in violation under color of law as the Police only work in a commercial capacity; It is to my knowledge as of now, that i have been identified as an "ALL CAPITAL NAME" unknown to me, a "commercial franchise" through unlawful conversion committed by the county "Registrar" where I was born, this is fraud, from the beginning; and

Whereas, for any Contract that binds me to the State to believe that i, am a corporation is void and null and fraudulent; as i, hold on record in the covenant of my Heavenly Father, My Son and Daughter are my sole property as the biological mother, it is lead to believe that Marriage is between husband and wife and the Heavenly Father, it has recent been brought to my attention that the license of Marriage is to the state, in which i, Declare to be Null and Void in this Statement of Truth/Affidavit for lack of full disclosure; and

The general rule is that an unconstitutional statute, though having form and name of law, is in reality no law, but is wholly void, and in legal contemplation as inoperative as if it has never been passed; Such a statute leaves the question it purports to settle just as it would be had the statute not been enacted; Moreover, a construction of a statute which brings it in conflict with the Constitution will nullify it as effectually as if it had, in express terms, been enacted in conflict therewith; and

EDUCATION TO AVOID ENTRAPMENT

Private Cars and Trucks, Registration and Licensing

In 1923, The State of Ohio, Inc., made a profit on licensing Drivers of Motor Vehicles, and soon every Territorial State of State organization in the country was doing the same. Technically, this was "legal" because the legislation ***affected only State of Ohio employees and dependents and affected only "Motor Vehicles"***.

Remember that we are dealing with commercial corporations in the business of providing government services, not actual governments. As commercial corporations they are motivated by profit, not the Public Good. As commercial corporations, they can demand that their employees wear uniforms, obey private corporate laws called "statutes", and adhere to other requirements as a condition of their employment, including licensing requirements.

So, the State of Ohio, Inc. as a commercial corporation, requires its employees and dependents to register their private cars and trucks as "Motor Vehicles" and requires them to obtain "Driver licenses" as a condition of their employment. (2) State of Ohio, Inc. made money by doing this. (3) Motivated by profit, all the Territorial State of State franchises were soon doing the same, and (4) by a process of assumption and non-disclosure, they gradually imposed their private corporate Public Policy upon the General Public under color of law.

The Public Employees become complicit in this process because more money for the corporation employing them means more money, more power, more benefits, and more jobs for them.

Remember: these things operating "as" our government at both the Federal and State levels are all for-profit commercial corporations, and not true governments at all.

Everyone in this whole system from the Holy See-the final receiver and beneficiary of this system, to the State of Ohio Legislature, to the State of Ohio Court System to the Public Employee Unions, to the lowliest junior traffic cop or office worker at the now-privatized Division of Motor Vehicles (DMV), is corrupted by the same private profit motive.

They are in direct conflict of interest with the Public Good and all working together as a network, an organized crime syndicate, to profit themselves.

They do some good by enforcing Driver Education and Performance standards. They do some evil by enforcing Public Policies as "law" and charging members of the General Public to pay and obey.

They are engaged in open racketeering and acting in violation of our Natural and Unalienable Right to travel.

We are going to enforce the actual Public Law against them by providing a Court to bring them to justice.¹

Private Cars and Trucks, Registration and Licensing (*continued*)

There are only two answers: (1) expose and embarrass them from the Pope on down, so that the sheer force of public awareness and public outrage bears them down and forces reform; (2) seize upon our natural birthright political status as Free People and boot up our lawful system of self-governance, including our Public Courts and Sheriffs and Marshals.

Examine the Lies

In our example, the underlying lies are the "offer and demand" by the State of Ohio to do two things: (1) falsely register your private car or truck as a "Motor Vehicle", and (2) falsely register yourself as a Person subject to their private corporation and its internal rules and regulations.

These two things basically require you to lie about yourself and your own private property and this is being done under color of law and armed force. If you don't do what they want, when they want, how they want, at the price they demand, they will roam around in armed bands and molest you on the highways of this country like Highwaymen of old.

What Needs to Happen

1. Public employees need to remember who they actually work for.
2. The American People have to wake up and undertake the duty to self-govern and provide the governmental structure and Public Courts that will in turn counteract the corruption and crimes of the commercial service corporations.
3. The President and the military and the Secretary of State and the Secretary of the Treasury need to fully support the peaceful efforts of the people to correct this mess and need to respect our actual political status and standing regardless of the coerced, on-disclosed, and falsified public documents, birth certificates, licenses, and registrations that have been employed as a means of identity theft and constructive fraud against the American people.
4. The Pope needs to do far more to correct operations and liquid corporations engaged in criminal activities. He also needs to deny corporate privileges to those who have engaged in such crimes in the past, not foster a revolving door syndrome in which the same sins are engaged in by the same people simply from a new location or under a slightly different name or charter.
5. The British Crown needs to honor the contracts held by its government and stop British commercial corporations from usurping against our government, stop press-ganging our people, stop trespassing on our jurisdiction.
6. Every member of Parliament and Congress and all the "state of state" legislatures and the Public Employees in general need to wake up, too, and stop their criminal trespasses against the American States and People.

Bottom line none of this happens until We, the People, enforce the actual Public Law against them, and provide a Court to bring them to justice.¹

Driver's License

Since 1890, it has been true that if you are an American, you don't need a Driver's license to travel on our public roads. This question was decided by the Supreme Court and by multiple County, State, and Circuit Courts, always with the same result.

The only question is, are you an American? A member of the General Public? And are you using the roads for private, non-commercial purposes?

Please go to: <http://www.annavonreitz.com/thishasonlybeennewssincethe1890s.pdf> to see a very long list of court citations that absolutely and definitively deal with the issue of whether or not we need a driver's license when we travel for private purposes.

Our law is simple. If you haven't injured anyone else or injured anyone else's property, there is no crime and no issue to be adjudicated and no reason for any Highway Patrolman to stop you.

It is the forced registration extortion that is really at the heart of this debate, not licensing. It's the forced registration of private cars and trucks that provides the Highway Patrol with the excuse to "I/ presume" that you are engaged in commercial activities in the first place, even if you aren't and even if that is perfectly obvious. It is the imposition of forced and largely false registration of private cars as "motor vehicles" and obstruction of our access to our Regulation Z exemptions.²

EDUCATION TO AVOID ENTRAPMENT

Regulation Z

The Federal Reserve Board of Governors made an illegal demand that all American cars and trucks be registered so that they could exercise the resulting ownership interest and use our cars and trucks as chattel to back their debts. They had to legalize this illegal demand by providing remedy and exception, so they published Regulation Z.

However, the Department of Transportation (DOT) does not see Regulation Z published in its version of the Federal Code, and their Subcontractors, the Department of Motor Vehicles (DMV), and now, the private subcontractor, UMV, are certainly not aware of any remedy owed to the Public.

So, those who are supposed to provide service to us are left totally unaware of the remedy we are owed, and when we request remedy that we are owed, by Subcontractors of Subcontractors who are deliberately left in the dark, it is denied. The Federal Reserve acquires an ownership in our cars and trucks via forced registration and nobody is the wiser. The victims are left in the dark, both regarding the crime and the remedy.¹

Regulation Z attaches to all Acts of Congress that involve securitization or monetization [see DEFINITIONS] of physical assets belonging to Americans. This is because the "government corporations" indulged in illegal securitization activities and forced registration of private property and they must provide remedy to legalize any of this.

Regulation Z was adopted by the Federal Reserve Board of Governors and imposed throughout the corporate government franchises wherever otherwise illegal seizures of ownership interests and security interests have been imposed.

Thus, in response to the illegal forced (and false) registration of privately owned cars and trucks as "motor vehicles," we have Regulation Z attached to the Motor Vehicle Code and the Federal Highway Safety Act beginning in 1956.

Most bureaucrats you encounter at "Departments of Motor Vehicles" and Title Companies and banks are quite perplexed when you claim your exemptions and remedies. Although they are required to establish these remedies, they have not been required to explain them or provide instructions to the Public, a situation that we are all in the process of correcting. It has been years, even decades since anyone exercised these exemptions.²

We are significantly assisted in this endeavor by the U.S. Supreme Court findings in *West Virginia v. EPA*, which reiterates the findings of the Tennessee Supreme Court in *Norton v. Shelby County* a century ago—Congress has no ability to further delegate its legislative powers to Administrative Agencies.

With respect to the General Public, this decision tosses Administrative Code of all kinds under the bus and does so in an official capacity. This includes the Motor Vehicle Code, Internal Revenue Code, EPA Regulatory Codes, State-of-State Statutory Codes, and all the rest of the noisome millions of private law codes that have been promulgated since the days of Franklin Delano Roosevelt.

EDUCATION TO AVOID ENTRAPMENT

Regulation Z (continued)

If you are a public employee of a State-of-State franchise organization or a federal employee or actual federal dependent (evidence by receipt of an unearned federal paycheck sufficient to support all your needs) all the codes and statutory regulations continue to apply to you as a condition of your employment and/or dependency.¹

Private property is supposed to be protected by attaching "Z tags" to it. Bill collectors and revenue agents patrolling our streets are supposed to recognize the tags, and are supposed to be told to leave cars, et al, displaying the proper "Z tags" alone.

In this country, because we have two foreign subcontractors at odds with each other, we need two kinds of "Z tags" to accomplish this same function. A white "Z" with a black background to waive off Municipal bill collectors, and a black "Z" with a white background to waive off Territorial bill collectors.²

For more information about Regulation "Z" and how to use it, please see the Bit Chute Channel called, Regulation z Working Group Session, The American States Assemblies.

It is important to notice your Secretary of State you live on and were born on regarding your Reg Z exemption. Sample Notice Template and contact sheet provided.

It is important to notice the Secretary of State for the State of State you live on and were born on regarding your Reg Z exemption. Sample Notice Template and contact sheet provided.

We need to claim our remedies through Noticing the Bankruptcy Administrator of your District, the U.S. Secretary of Treasury, Commissioner of the Internal Revenue Service, U.S. Attorney General, The Director Executive Office of U.S. Trustee, your State of State Secretary of State you live on and were born on, Assistant Secretary of State, U.S. Secretary of State, and the Criminal Enforcement/ Asst Director. Sample Notice Template and contact sheet provided. The New Hampshire Assembly must provide the Notice prior to individuals.

Once the 3 notices are cured, meaning no response, so agreement by acquiescence, you can Notice the Department of Transportation that you will be providing your own remedy, Z plates. There are a few different groups that are manufacturing them. It is Important that you have your blood type, birth date and your live on State Assembly logo on the plate.

The bottom line is, We, the People, must provide a Court to bring justice and enforce the actual Public Law. There is good advice on The American States Assembly (TASA) website:

Q: What do I do with my driver's license and license plates? A: For now, you keep them.

Travel Kits

In this document, a travel kit refers to a set of documents that an American State National may want to have while traveling, that may be helpful in some circumstances. Our assembly website includes a sample travel kit at <https://northcarolinaassembly.org/TravelKit.php> with sample documents that might be included in the kit. Here is the sample Cover Letter, which lists the set of sample documents [see below].

The main purpose of having a travel kit is to be able to prove that one has the right to travel public roads without having a de-facto-government-issued current driver's license and auto registration. However, having a travel kit does not guarantee that an officer requesting to see a driver's license and registration, when instead shown travel kit document(s), will read or honor the documents.

An alternative to a printed travel kit might be an American State National Credentials card which can be used for identification purposes and is "Valid for all Travel and Identification Purposes". American State Nationals (ASN) with this card can have their credentials verified at:

<https://everify.americanstatenationals.us> - which includes electronic copies of some of the notarized pdf files that would be included in the printed travel kit.

Two advantages to using the Credentials card, compared to the printed travel kit, are:

1. The Credentials card in a wallet is probably more secure, compared to storing a folder full of printed .pdf files somewhere in the car.
2. Officers requesting to see a driver's license are probably more likely to consider the alternative of looking up the driver's Credentials Card information via the Everify site (using the bar code), compared to looking at a folder full of printed pdf files.

An alternative to both would be keeping two witness testimonies available to present in lieu of a driver's license or a credential card. Minnesota Rule 220 allows for two witness testimonies to be used as identification and if one state follows all states must follow.

However, an ASN should not assume that an officer who has pulled one over for any reason, will accept the travel kit (printed or on Everify). If not, and the driver does not show a current driver's license and auto registration, things may get unpleasant. Mattermost has stories of drivers having cars confiscated (at least temporarily), and in one story I read, the driver was arrested.

We need to uphold the peace and stay in honor, choose your battles. You can accept the ticket or sign under duress and use other remedies to stay out of their courts if necessary.
